you can choose the week(s) that best suit your summer calendar.

In order for us to organize our supplies and staff in the best possible way, you must sign up by March 17th. Payments must be made until April 18th.

St. John's water fun and other activities

From water games to dancing, St. John's School is also part of the summer program. Our fully equipped installations, including an indoor swimming pool, playgrounds, grass landscape and a climbing wall are ideal for having fun! Our experienced staff have also prepared exciting games and delightful activities for children of all ages.

From bodyboarding to sand castles we structure all activities to age.

ST. JOHN'S SUMMER CAMP offers two age appropriate summer programs full of fun and adventure, exciting and safe aquatic activities, tree climbing and horseback riding are all part of the program.

Tree Climbing & Slide

With this program the children are shown how to ascend a tree safely, using simple climbing methods as they are securely fitted into a harness and shown the ropes.

All activities are supervised by instructors so with the ropes set, you can climb as high as you dare! This is a fun-filled, exhilarating journey where children can experience great views and an even better sense of achievement!

Beach Day

It is designed to meet the unique needs of younger children, many of whom are experiencing the beach and ocean environment for the first time, helping them feel safe and comfortable in the ocean. Group sand games and many more aquatic activities are also part of the program.

Bodyboarding Lessons

Bodyboarding instructions, group games and many more aquatic activities are part of this program. Children will be familiarized with all the bodyboarding equipment and surprised by certified instructors who will teach them to ride the waves.

Horseback Riding

An exceptionally rewarding activity that can equip children with positive skills and a life-long love of horses. Aside from the obvious benefits of good physical exercise, children will enjoy the great land and surroundings of Quinta da Marinha.

Horseback Riding installs many other intrinsic qualities in children, including good co-ordination and balance skills as well as confidence.

SUMMER CAMP PROGRAM 2025 From 9:00 AM to 5:00 PM
